

THE WEATHER
Cloudy and snow flurries tonight and Sunday; slightly colder tonight.

VOLUME 102—NUMBER 56

NEWARK, OHIO, SATURDAY EVENING, JANUARY 15, 1921

ELI HULL KILLED BY FALLING DOWN STAIRS AT HOME

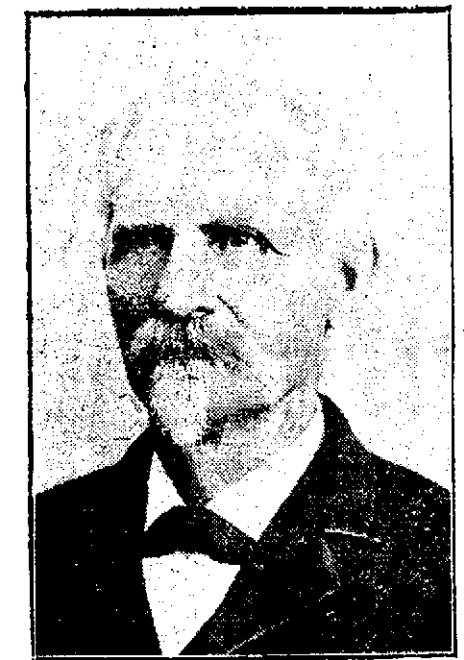

Well Known Capitalist and Realty Owner Dies In Hospital.

Was One of Oldest Men In Newark and Was Still Active.

ELI HULL, 92, one of the oldest and best known citizens and a pioneer in many works of improvement and progress here, died Friday night at 10 o'clock at the City Hospital where he was taken following a fall down stairs at his home 686 West Main street. Mr. Hull, despite his great age, was quite active and appeared daily on the city streets. Friday evening about 7 o'clock he was going up stairs to retire and fell on the steps. Mrs. Hull and her sister were in the house at the time and Dr. Barker was called. Mr. Hull had fallen down the stairs, about 23 in number, and was unconscious when the family got to him. He was rushed to the City Hospital in the Bradley ambulance, but nothing could be done for him and he died at 10 o'clock without regaining consciousness. Death was due to concussion of the brain.

It is thought that Mr. Hull slipped or stumbled at the turn in the stairs, causing him to fall backwards. Eli Hull was born December 16, 1828, in Hopewell township, Licking county, and was the son of Samuel Benton and Elizabeth Sain Hull, who were natives of Virginia and Baltimore, Maryland. Mr. Hull had a sister and a brother, the founders of the city of Hull, England.

The Hull family in America is descended from three brothers of the family who came to the United States while this country was still numbered among the colonial possessions of Great Britain. They settled in New

ELI HULL.

England where two of the brothers remained. The third, making his way to Virginia, in the year 1807 the settlers in Maryland heard reports of a very rich district in Ohio in what is now Perry county, and four miles east of Thornville. Already quite a settlement had been formed and to this place came Miss Elizabeth Sain, mother of the deceased, with her parents. In 1808 Samuel Benton Hull, also hearing of this rich country, came west and joined the Ohio settlement. Here he formed the acquaintance of Elizabeth Sain and in 1810 they were married. In the year 1814 Sain Hull moved his family to Licking county and continued to make it his home until within three years of his death when he became a resident of Columbus, where he died in 1880 at the age of 82 years.

Eli Hull was reared at home and frontier, surviving to teach and gain his education in a log schoolhouse, the typical building of the time. He studied his lessons while seated on slab benches in a little room in which light was admitted through graced paper windows. At fifteen years of age he was proficient enough to teach a country school and followed the profession for four months at \$15 a month.

The following winter he went to Delaware where he attended Ohio Wesleyan for six months. The following winter he received \$16 a month for four months term of teaching and again he entered Ohio Wesleyan. He continued to teach during the greater part of eight years and then turned his attention to farming and to the manufacture of stone ware. In 1835 he came to Newark and engaged in the real estate business with which he had been prominently identified for the past 60 years. A tract of 52 acres was platted and laid out in West Main street by him in 1890. He had also extended his efforts to other fields of industry and in 1856 he developed the industry of extracting oil from coal and coal gas by him on his property on Pine Ridge. He was about to make a fortune at this industry when the Pennsylvania oil fields were discovered. In 1887 he began mining bituminous coal at Shawnee and was said to be the first man to develop his mine, take out coal and haul it from the mines by the aid of electricity.

He erected the Hull building, one of the finest business blocks in the city, as a monument to himself. It is now occupied by the Meyer-Lindorf company. Mr. Hull built the first concrete dwelling houses in the city. The row is located in Linden avenue and the houses are built entirely of concrete.

Mr. Hull was not a member of any secret organization but a member of the Methodist church.

Mr. Hull was married to Miss Jeannette Neal daughter of Captain John and Mary Neal of Perry county in 1849. They had one son, Joshua M. Hull, who died a few years ago. Mrs. L. P. Carl and Mrs. W. W. Wehrle are adopted daughters of the deceased. Mrs. Carl died several years ago and Mrs. Wehrle died about a year ago. Mr. Hull was later married to Mrs. Rebecca E. Roe, who survives.

Funeral services will be held Monday

SHE'S BIG SISTER TO THE WEAK ONES

Mrs. Rose Taylor.

Only one woman is entitled to wear the world war medal of the New York police department. She is Mrs. Rose Taylor, attaché to the station which takes in the section along the great white way. She did war work in France for twenty-two months with the post-graduate base hospital unit. Mrs. Taylor knows more secrets about the night life along the great white way than any other woman in the world. Never does a night go by when she is not called upon to play the part of big sister to some erring woman who is brought in from somewhere along Broadway.

day at 1 o'clock in the home. Rev. Mr. Johnson, pastor of the New Avenue M. E. church, will officiate and burial will be made in Cedar Hill cemetery.

HANGS SELF TO POST OF BED IN WHICH SISTER DIES

Miss Mary C. Jones' Body Is Found By Her Mother Shortly Before Noon.

Miss Mary C. Jones, 45, daughter of Mr. and Mrs. E. E. Jones of 144 North Fourth street, was found dead at her home this morning at 10 o'clock having taken her life by hanging herself to a high bed post. It was the same bed in which her sister Mrs. Irene Ditter died two weeks ago.

Miss Jones, has been seriously ill for some time, suffering from a nervous breakdown and her condition has been aggravated the past few weeks by the illness and death of her sister December 31.

For the past ten years Miss Jones has been employed in the pension department at Washington and her labors there resulted in the breaking of her health. She came home a few months ago and has been bedfast most of the time.

That her mental condition was serious was attested a few days before her sister's death when she wrote a note to her mother, saying that she knew she would not recover and that she did not want to go to an asylum. "Only say one prayer for my forgiveness," the note concluded.

Every precaution was taken to forestall any injury to herself, but this morning she went to her room shortly after 8 o'clock. Her mother, missing the usual upstairs and found the body suspended from the high head board, of the bed in which Mrs. Ditter died.

Dr. Richards, the coroner was called at once and made his report. The deceased was survived by her parents Mr. and Mrs. E. E. Jones, one sister, Mrs. Elmer Bilzard and one brother Mr. Homer Jones.

No arrangements have been made for the funeral services.

FINANCE BOARD IS FUNCTIONING

Will Consider Application For Loans to Finance Exports—Will Hold Personal Hearings.

Washington, Jan. 15.—The war finance corporation, revived by an act of congress which was passed over President Wilson's veto, is now functioning. It announced today that it was prepared to consider applications for loans to the suspension of exports in the same manner that it considered advances prior to the suspension of its activities last May.

In so far as necessary, the corporation said, personal hearings will be given to prospective borrowers. In substance, the corporation said it was authorized to make advances to American exporters to assist in the exportation of domestic products to foreign countries, if such exporters are unable to obtain funds through reasonable terms of credit from banks or to American exporters making loans to assist in the exportation of domestic products.

The corporation said it was authorized to make advances to American exporters to assist in the exportation of domestic products to foreign countries, if such exporters are unable to obtain funds through reasonable terms of credit from banks or to American exporters making loans to assist in the exportation of domestic products.

The corporation said it was authorized to make advances to American exporters to assist in the exportation of domestic products to foreign countries, if such exporters are unable to obtain funds through reasonable terms of credit from banks or to American exporters making loans to assist in the exportation of domestic products.

PERET GIVES UP EFFORT TO FORM FRENCH CABINET

Poincare's Refusal to Accept Portfolio Causes Failure.

Former President May Be Asked to Assume the Task.

Paris, Jan. 15.—Raoul Peret, who was asked yesterday to head a new ministry of France in succession to the one which resigned on Wednesday, appeared before President Millerand today and declined to form the cabinet.

Difficulties encountered yesterday by M. Peret in forming a cabinet were of a most discouraging nature. At the end of the day he had almost decided to give up the task, but decided to resume work this morning. His last effort was without success.

The Figaro which represents a certain body of opinion, asserted today that the only reasonable solution of the crisis was the choice of M. Poincare as premier, who would direct the policy of France as a whole, with a foreign minister of his own selection.

"If such a solution is not accepted now," the newspaper declares, "it will have to be in three months time. Therefore, why not save time at a moment when so many urgent questions demand attention?"

M. Peret's failure to create a ministry was due largely to the refusal of former President Poincare to enter the combination except under conditions that made it difficult for M. Peret to carry out his program. M. Poincare it was understood, desired the foreign ministry but M. Peret had picked for the foreign office because of his qualities as a negotiator and his strength with the European chancelleries.

N. P. SHOP MEN TAKE 10 PCT. WAGE CUT

St. Paul, Minn., Jan. 15.—Rather than have a tenth of their number thrown out of work, the entire shop force of the Northern Pacific railway in the St. Paul district, has agreed to go out on a four-day basis, it became known here today.

The company recently notified the shop workers that it would be compelled to reduce the force 10 percent, effective January 15. The trades unions involved held meetings and agreed to forego the clause of their contract which called for a six-day week, officials of the unions explained.

BRITISH ENVOY IS CALLED HOME

Sir Auckland Geddes Leaves For London to Confer With British Cabinet Officials.

Washington, Jan. 15.—Sir Auckland Geddes, the British ambassador has been summoned home for a conference with Premier Lloyd George and Earl Curzon, British secretary of state for foreign affairs, it was announced today at the British embassy. He sailed from New York today for London and he expects to return in February. The subject of the conference was not announced.

The embassy's announcement was as follows: "Sir Auckland Geddes, the British ambassador sailed for England today from New York. He has been summoned to London to confer with the prime minister and the secretary of state for foreign affairs. According to present intentions he will return to Washington in February."

During the absence of Sir Auckland, R. Leslie Craigie, first secretary of the embassy will act as ambassador.

The departure of Sir Auckland will delay the negotiations between the treasury department and the British government as to the funding of the British debt to America in long time notes.

Pending and prospective tariff legislation by congress also is known to be a subject in which Great Britain and most of her dominions and vital interests. The British government is understood to be disturbed lest the proposed new tariffs operate against Great Britain's trade with the United States and thus make it more difficult for that country to pay off in goods its debt to the United States.

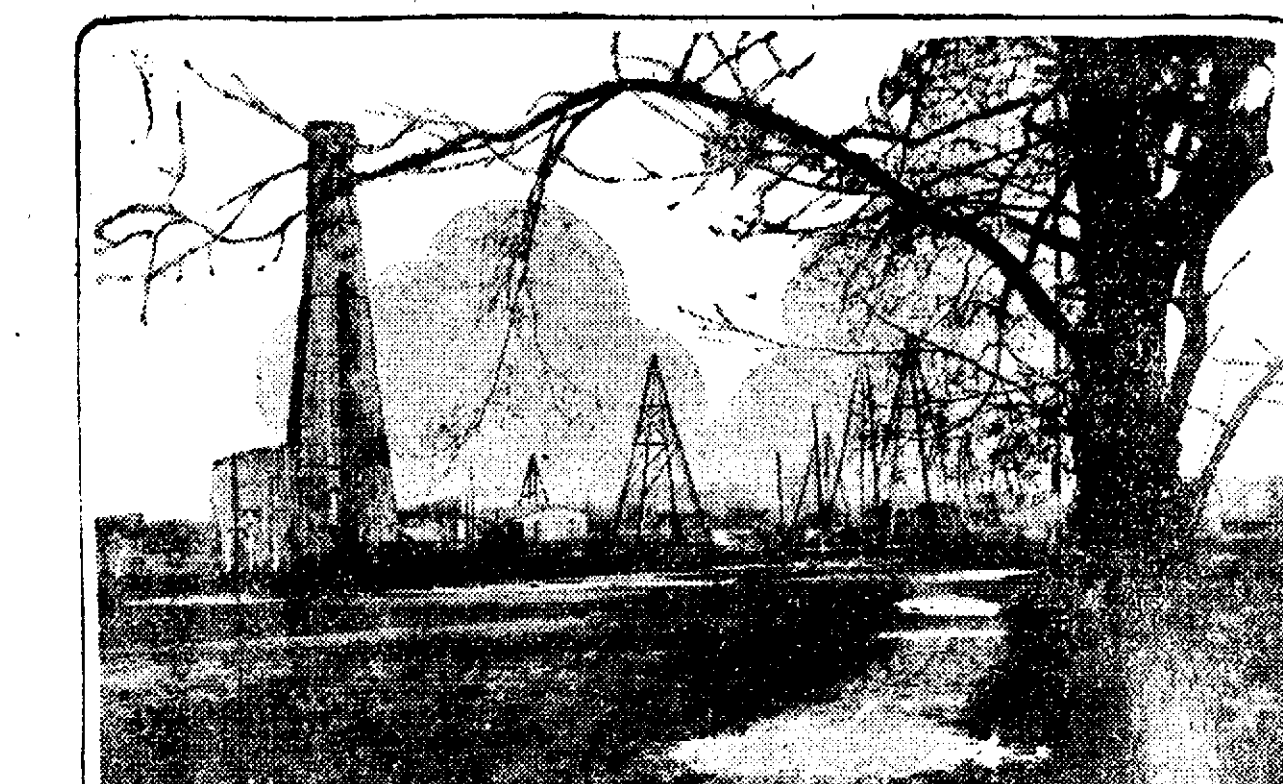

Proposed tariffs on Canadian wheat also are of great concern to the Canadian government, it is said and this subject also may be one of those which will be discussed with the ambassador with Premier Lloyd George and Earl Curzon. Another question now occupying the British government is that of the treatment being received by its citizens in Mexico, especially those holding oil and mineral lands.

PROBE THEFT OF THREE REGISTERED MAIL BAGS

Mount Vernon, Ill., Jan. 15.—County and federal authorities today pressed their investigation into the disappearance of four sacks of registered mail here yesterday, while they were being transferred from the postoffice to the C. and E. I. railway depot.

One of the sacks was said to have contained \$80,000 in cash that was intended for paying miners at Benton. There was no estimate of the value of the contents of the other sacks, but it was understood about \$500,000 was due here during the past two days to meet payroll at mines in this section.

DISCOVERY OF GREAT OIL FIELD IN GERMANY IS REPORTED

Oil riggings in the new Meckelfeld oil field.

Oil veins in communication with the rock gas wells of Neuen-gammur, Germany, have been discovered in Meckelfeld and its vicinity, according to reports.

covered in Meckelfeld and its vicinity, according to reports. Richard Wisbar of Harburg discovered the new oil field through the presence of alkaline salt on the bark.

LEONARD BOUT RAISES \$90,000

New York "400" Sees Light Weight Champion Save His Title—He Is Knocked Down.

New York, Jan. 15.—The American committee for devastated France today announced it had realized \$90,000 from its management of the boxing bout last night in which Benny Leonard, lightweight boxing, of which \$40,000 went to Leonard and \$50,000 to Mitchell. The crowd which packed Madison Square Garden was made up not only of the usual quota of fistic fans but a galaxy of society folk wearing glittering starched shirts and evening gowns.

Miss Anne Morgan, chairman of the committee who was given a rousing ovation by the crowd, declared she was "crazy about" the fight. Fans were still discussing the bout today, which all experts declared was one of the greatest encounters in a decade.

Discussing the blow Mitchell delivered in the first round which made the champion stagger down for a count of nine Leonard said: "It was a dying lunge. It caught me fairly and it certainly bothered me. I was not expecting it. Oh, yes, Mitchell always was a dangerous man. When I dropped I cleared my head and winked to my manager to let him know I was all right."

"I want to fight him again," declared Mitchell, "I almost had him licked but got careless. Next time I will certainly do it."

DOUBT WOMAN'S STORY OF FAST

She Says Such Statements Are Attempts to Cheat God of Glory of Preserving.

Danville, Ill., Jan. 15.—Expressions of doubt that she had fasted forty-seven days as she alleges, to influence her husband to join her church which were characterized today by Mrs. Ernest Harrington as "attempts to cheat God of the glory of preserving my body and keeping me alive until the great victory is won."

Mrs. Harrington's statement was particularly directed at Dr. W. O. Dixon, city health commissioner, who after an examination of her condition said she was certainly not fasted the last week, since a nurse was installed, and doubted her statement that she had abstained from food previously.

Dr. Dixon said the woman's condition virtually was normal. "When asked if she did not fear she would die if she persisted in fasting," Mrs. Harrington said: "Death? Why no. I've never given that a thought. I know, however, that I am not going to die. Why God wouldn't let me die. If I do then nothing will be accomplished by my fasting."

"Do you object to having visitors?" she was asked. "No, for God told me it would be all right for you to come and see me. He said if you come in by the front door, admit them to your room, but if they come in the back door I do not want you to see them."

This statement was repeated by her husband who was in another room, but over heard her reply. "That's one time your message got sidetracked—we came in the back way" he said.

WAR VETERAN HONORED.

Oberlin, Jan. 15.—Homer H. Johnson of Wilson, N. Y., a sophomore at Oberlin College is to receive a medal at a special ceremony presided over by General O'Ryan, commander of the 27th division, January 20 at Niagara Falls. Johnson was a member of the 108th infantry, serving with the 27th division and acted as a liaison messenger of the orderly section. He previously received a citation.

STABILIZERS

Most of the stable citizens of this city and community belong to some church. They are folks not often in the public eye—but they give our city its highest character.

Why not link your life with theirs and support the church of your choice with your time, your attendance and your money?

A special invitation is extended all this month. Confer with any pastor regarding more information as to what church membership means.

Every church has adult Bible classes, likeable ministers and helpful sermons. Begin tomorrow and be a "regular" for at least one month.

GO TO CHURCH TOMORROW

NO JOBS IN AKRON EMPLOYMENT MAN SAYS

Akron, Jan. 15.—In an effort to stop the influx of unemployed to Akron, notices that only residents of Akron are being hired have been sent to labor exchanges in Ohio and adjoining states, city officials announced today. Nearly 5,000 men have come here since the first of the year, seeking employment in the rubber plants, according to A. A. Berry, superintendent of the state-city free labor bureau. Many residents of the city are still without jobs.

YANKEE ADMIRAL TO PROBE KILLING

Commander of Asiatic Fleet Goes to Vladivostok to Investigate Death of the American Naval Officer.

Manila, P. I., Jan. 15.—Admiral Gleaves, commander in chief of the American Asiatic fleet, with a court of inquiry, will depart tomorrow for Vladivostok to investigate the recent killing of Lieutenant Warren H. Langdon, chief engineer of the U. S. S. Albany by Japanese sentry, he announced here today.

Manila, P. I., Jan. 15.—Admiral Gleaves, commander in chief of the American Asiatic fleet, with a court of inquiry, will depart tomorrow for Vladivostok to investigate the recent killing of Lieutenant Warren H. Langdon, chief engineer of the U. S. S. Albany by Japanese sentry, he announced here today.

BANDIT CAR WRECKED ONE OUTLAW KILLED

Dallas, Texas, Jan. 15.—With one alleged bandit dead and another in custody the police today were searching in Fort Worth for four other men who robbed the Jackson street sub-postoffice here last night, escaping with two bags of registered mail of unknown value, after seriously wounding three postoffice employees.

Kufus Clemens of San Antonio was killed when the bandits' car was wrecked near Fort Worth, the police said. W. S. Scrivener, who was injured in the automobile wreck was brought here from Fort Worth for questioning.

ASKS WILSON TO CALL DISARMAMENT MEETING

Washington, Jan. 15.—The joint resolution requesting President Wilson to call a conference of the nations of the world to consider universal disarmament was approved today by the house foreign affairs committee without a dissenting vote. The committee rejected 9 to 2 an amendment by Representative Mason, Republican, Illinois, that invitation to participate in the conference be extended to Ireland and the Philippines.

SNOW IS PREDICTED FOR COMING WEEK

Washington, Jan. 15.—Weather predictions for the week beginning Monday are:

Ohio valley and Tennessee local snows at beginning of week generally fair and cold thereafter.

Region of the great lakes, generally cloudy, local snows and cold.

PIERRE SAYS HE DIDN'T DO IT

Declares Husband of His Sweetheart Voluntarily Gave Her \$100 to Defray Expenses.

Chicago, Jan. 15.—Pierre Paul Authier, Highland Park chemist, who eloped with Mrs. Phillip Franzen of Madison, Wisconsin, several days ago was arrested here today on the warrant charging larceny sworn out by the woman's husband. Authier waived extradition rights and said he willingly would go to Madison to prove his innocence.

Authier, who had been living in a hotel here with his wife and child with whom he had been reconciled after police officers had found him and Mrs. Franzen in St. Louis, expressed surprise at the arrest but submitted quietly. The warrant was sent here by the chief of police of Madison and specifies the theft of \$100.

"I understand Mr. Franzen had dropped the larceny charge," he said. "I can easily disprove the charge. Franzen had a check for \$100, which I cashed for him. I never handled it." Authier said he did not know the whereabouts of Mrs. Franzen.

"Upon paying Mr. Franzen gave his wife a check for \$100, to help defray her expenses and to clear all claims she might make upon their household furniture and other belongings. Mrs. Franzen cashed that check herself. I never handled it." Authier said he did not know the whereabouts of Mrs. Franzen.

EGG PRICES ARE OFF FIVE CENTS

Fresh Eggs Now Selling for 60 Cents On Local Markets—Poultry Is Scarce.

Egg prices dropped off 5 cents on the dozen the past week and butter and eggs prices are now even at 60 cents. However some stands in the market this morning still asked 65 cents a dozen for eggs and the same for butter. There has been a steady decline in the price of eggs, from \$1 to \$2 each. Wholesalers say that poultry is not plentiful. They are paying 20 to 25 cents a pound on foot. At Christmas the chickens brought 18 to 21 cents and other chickens 21 to 22. The advance is due to scarcity.

The wholesale market remains firm on fruits and vegetables with the exception of oranges which are about \$1 higher on the box. The retail market on oranges remains the same.

Southern grown strawberries which sold for 80 cents a quart last Saturday are being sold at 65 cents today. With string beans, new peas, lima beans and other new products, made their appearance this morning. New egg plants are 20 and 25 cents each. French endive 40 cents a pound, oyster plants 8 cents, two for 15 cents, new carrots 5 cents a bunch and Big Boston head lettuce 15 and 20 a head. New peas are 25c a pound, string beans 25 cents a pound, cabbage is 3 cents a pound.

IRISH MEETING SUNDAY.

All persons interested in the cause of Irish independence are invited to meet at the Trades and Labor Assembly hall Sunday afternoon at 2:30 o'clock.

OPPOSES LAW TO RESTRICT TRADING ON GRAIN MARKET

Declares Such Legislation Would Interfere With Distribution of Crop

Powerful Interests Would Gain Control of Grain Western Man Says.

Washington, Jan. 15.—Legislation restricting "speculative transactions and hedging" in the grain trade would upset the whole machinery of grain distribution and open the way to domination by a few powerful interests, R. L. Hargis, president of the Kansas City Board of Trade told the house agriculture committee considering legislation to regulate grain exchanges.

Mr. Hargis defended the practice of hedging through sales of futures on grain acquired by elevator interests or commission brokers as absolutely essential to reduce risk and permit the handling of grain on a narrow margin of profits considering the advances of the practice, he said, the grain speculator, or the dealer in futures must be recognized as an indispensable cog in the machinery of grain distribution. Only in "rare instances" has speculation affected the price of grain more than is desirable. Mr. Hargis declared, adding that the law of supply and demand was the determining price factor. Declaring the present system of grain trading not only did not reduce the farmers profits but offered him the indispensable advantage of being able to market his grain in the absence of actual consumption demand, Mr. Hargis charged that certain of our southwest grain country, arguing before the committee the abolition of future trading was not actuated by altogether altruistic motives.

"They would create," he said, "a condition under which the secrecy that prevails as to costs and profits in coal, lumber, steel and oil, would also prevail in wheat and its products. There is no other industry in the world which has given the wide publicity to production requirements, weather conditions, etc. that is afforded every citizen of this country, by the news-paper reports which are taken from the wires entering the grain exchanges of the country."

Recent fluctuations in the grain market, frequently attributed to speculation, Mr. Hargis declared were primarily due to a "misadvised transportation system."

Other causes of depression in the wheat market, he said, were the heavy imports of Canadian wheat; abnormally high profits taken by grain exporters because of the supposed risk involved in European sales at the time of restriction of credit by the banks and successive increases in the governments crop forecasts.

WOMAN 105 YEARS OLD DIES AT BELLAIRE

Bellaire, Jan. 15.—Mrs. May Curley 105 years old, said to have been the oldest woman in eastern Ohio, died here today. She was born in Ireland and came to this country 25 years ago.

MOTHER PREFERS DEATH WITH TOTS

Plunges Into Burning Home As Cries of Children Reach Her—Entire Family Wiped Out in Two Weeks.

Chardon, Ohio, Jan. 15.—Fire officials today believe an overheated stove was responsible in a house that has been destroyed their town and resulted in the death of Mrs. Marie Green, 30, and her three sons, Leo 5, Louis 3 and Lynn 1 year. Proving death rather than to live without her children Mrs. Green plunged into the fire in which the children were burning and died with them.

The tragedy that wiped out the family came just two weeks after Louis Green, the husband and father, had died. Only the charred remains of the house, a two room structure on wheels, remain today.

Mrs. Green, who discovered the fire, rushed from the burning building to the home of David Mead, lumberman, owner of the house and for whom Mrs. Green worked, and turned in an alarm. When she ran back to her home it was a mass of flames, out of which came the feeble screams of her children.

Regardless of the raging fire, the mother plunged into the house, found her children dying, and dropped her clothing aflame, on the bed where they were lying. She was struck by the blaze arrived in time to see the first act of the tragedy. One man, standing at a window, attempted to seize Mrs. Green's arm and pull her to safety but she pushed him away.

ALLIANCE SHOP MEN ACCEPT 20 PCT. CUT

Alliance, Jan. 15.—The Morgan Engineering company, employing over 1200 men, announced today that the plant could be kept running steady for seven months providing the employees would accept a reduction of from 18 to 20 per cent in wages. Otherwise the orders would have to be canceled and the plant shut down. The employees agreed to accept the wage cut.

COACH REAPPOINTED.

Philadelphia, Jan. 15.—Dr. Walter T. Carls has been reappointed coach of the University of Pennsylvania basketball team, he announced today. He would lead a call for candidates and start indoor work soon.

The Automobile Simplified

By FREDERICK C. GUERRICH, M. E.

An intimate talk on the working units of the automobile, discussed in such a way that the layman can easily understand them.

If in reading these articles there is anything not clear to you, ask Mr. Guerrich about it.

Makes this your Automobile Correspondence School

LECTURE No. 52 The Voltage Regulator

The voltage of the current made by the generator varies with the speed of the armature, and at very high engine speed it may be so high as to do damage to the battery. To prevent this a device must be put into the circuit which will not permit the voltage to get above a certain amount. This device is called a Voltage Regulator.

Voltage regulators vary greatly in design and action. They might be divided into three classes: (1) A mechanical regulator in which a governor disconnects the armature from its driving shaft when the speed becomes too high; (2) An electro-magnetic regulator; and (3) A compensating field regulator. As the mechanical regulators are fast disappearing and vary greatly in design we have not the space to take them up now.

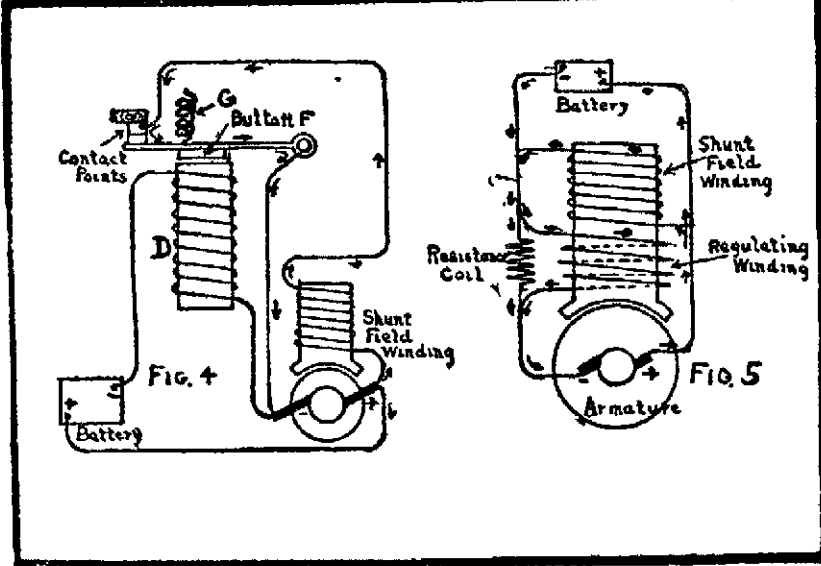

Fig. 4 shows the principle on which the electro-magnetic regulator operates

tends to reduce the field and so the voltage.

You will notice that in addition to the shunt field, there are also a few turns of wire in series, and that the current through this series winding is a direction opposite to that of the shunt winding. Thus the series or regulator winding tends to neutralize the action of the shunt field, and so to reduce the magnetic field and the voltage generated.

You will notice that a resistance coil is placed in parallel with the regulating winding so that the current has its choice of going through either of these. Some current will go through one and some through the other, but the most will go by way of the path offering the least resistance.

Now this resistance coil is so made, that at a low voltage its resistance will be small, but as the voltage becomes high, the coil will become hot, when its resistance will be increased and quite great. Thus at a low voltage,

Here you will notice that the current must pass through the coil D in order to get to the battery. When the current is flowing the coil of D will be a magnet and will try to pull down the button F. Now the greater the voltage of the current the greater will be the pulling power of the magnet, and if the button is held away from the coil by the spring G and if this spring G is so powerful that the button can only be pulled down when the voltage is too high then the contact points K will be closed (excepting when the voltage is so high as to be dangerous to the battery).

You will notice also that the shunt field current must pass through the contact point of course when the contact points are open no current can flow through the field and so there will be no magnetic field between the pole pieces of the generator and so no current will be generated.

As the contact point opens the moment the voltage generated is too high the machine will stop generating and the voltage will drop. The instant the voltage drops the contact points will close again so that they will be made to vibrate. In this way the voltage is regulated.

Where the voltage regulator is an electro-magnetic one it is usually built together with the automatic cut out. By adjusting the tension of the spring G the regulator can be set to give a certain minimum voltage. This is always done at the factory and the adjustment screw should not be touched except by an expert.

The action of the compensating field regulator is shown in Fig. 5. Here the same principle explained in the cut out lesson is used but instead of operating on a separator coil the action takes place on the magnetic field core, and

most of the current will go through the resistance coil and so the action of the compensating coil on the field will be small, while at high voltage the current because of the great resistance of the resistance coil, will mostly go through the compensating coil and in this way neutralize the action of the shunt coil. This means that the field will be reduced and in this way the voltage.

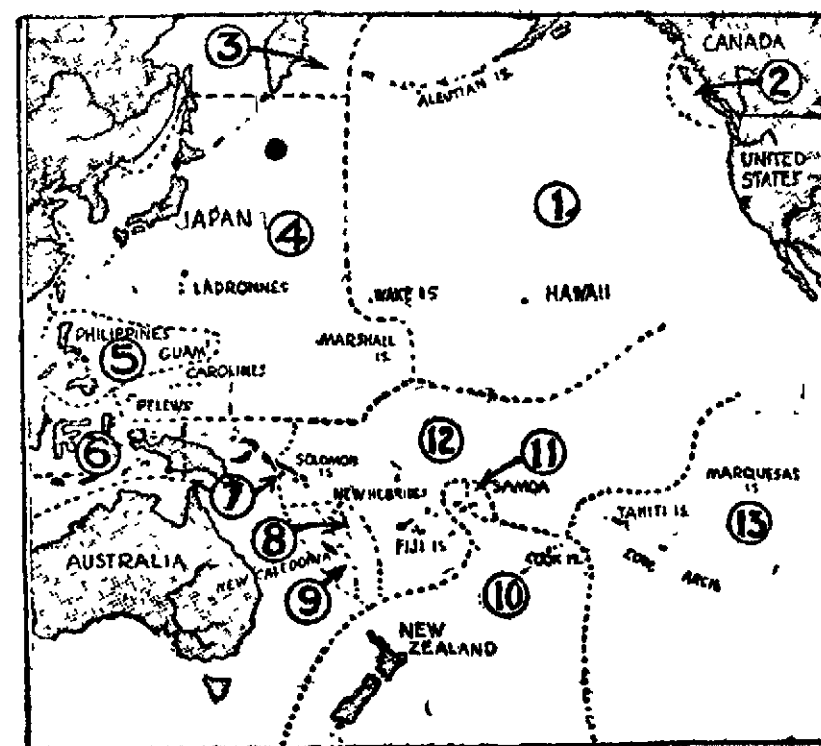

In addition to the above system of regulation what is known as the third brush regulator is also very much used. In this there are three brushes on the commutator of the generator; the third brush collecting the current which goes through the field coil or magnet coil.

There are different ways of wiring the field coil when the third brush is used, one much used being to have the current collected by the third brush flow through the field wires in a direction the reverse of the regular field wiring so that it will neutralize the effect of these regular field wires. The proportions are such that the current generated will never get above the desired voltage and amperage.

By moving the third brush the rate at which the generator charges the battery can be increased or decreased. The novice should never attempt to change the charging rate, as the best rate has been determined by the manufacturer and the brush set to maintain this.

In some cases however such as when a man must do most of his driving at night or must make many stops with short runs, conditions under which the battery is liable to become discharged quicker than it is recharged, it might be well to have the brush reset to give a quicker charging rate. This should be done by an expert in this kind of work.

HOW LEAGUE APPORTIONED PACIFIC

The league of nations has confirmed the partition of the islands of the Pacific as follows:

- 1—The waters about Hawaii, Alaska and westward to Wake island remain American.
- 2—The waters between the state of Washington and Alaska remain Canadian.
- 3—The waters of Siberia remain Russian.
- 4—The waters off Asia from Kamchatka to Formosa, including such land as the south half of Sakhalin, Corea, Port Arthur, and Kiao Chau and the Ladrone islands, Pelewa, Carolines, and Marshalls go to Japan.
- 5—The Philippines and waters as far east as Guam remain American.
- 6—The East Indies remain Dutch.
- 7—Australia gets the lands and waters of the German part of New Guinea.
- 8—The New Hebrides remain under control of France and Great Britain.
- 9—New Caledonia and neighboring islands remain French.
- 10—Cook Islands, Samoa, and other islands go to New Zealand.
- 11—Tutuila, in Samoa, remains American.
- 12—Fiji, the Solomons, and other islands between the dominion of Japan, New Zealand, and Australia are under the direct rule of England.
- 13—The Low Archipelago, the Marquesas, and Tahiti remain French.

OHIO MOTOR ENTHUSIASTS FLOCK TO CLEVELAND

The Cleveland automobile show draws increasing attendance from all over Ohio. The Buckeye State's recorded ownership of more than 600,000 automobiles is distributed throughout every county, and motor enthusiasts flock to Cleveland from all directions for an early look at the new models.

Research at show time reveals a one-cylinder car in continuous operation since 1902. This was the property of M. R. Bender of Bascom, Seneca county, who bought it more than 18 years ago. The modern automobile, as displayed at the

show, is bigger and more complicated, but in reality simpler and surer of operation than its forebears.

Three different decorative spectacles are carried out in the three departments, which extend over nearly three acres of floor space. The polychrome idea prevails in the decorations of the Wigmore coliseum.

Leaded glass made by some of the finest artisans in America features in a striking canopy over the inclined entrance. The side walls are concealed behind var-colored

silk draperies—royal purples, oranges, greens and reds—while between are windows in the Empire style through which one apparently views a perspective of beautiful scenery. The multitude of columns are treated in arabesque fretwork, with carved pendants electrically lighted and further embellished by iridescent pendants; some are equally rich in color with wrought iron brackets supporting baskets of ferns and flowers, and still others are paneled in a marble finish and polychrome fabrics. An unusually novel effect is gained by the use of large reflectors over electrically-stridged spheres, the reflectors being completely lined with faceted mirrors. Side panelings in broadcase finish and again in mahogany and assorted colors further carry out the polychrome idea.

There are more than 75 different makes displayed, and there is a double exhibit of accessories and supplies. Three orchestras give concerts every afternoon and evening, and each day will be marked by a program of special features. Fred H. Caley is again manager of the show.

PRACTICES ON CAT; MAN SHOOTS WIFE 12 TIMES

Muskegon, Mich., Jan. 15.—After several practice shots at the family cat, Irving Morton, early yesterday forced his wife to become his target and spent 30 minutes in firing 12

shots into her body. Then he turned the rifle on himself and fired once, dying instantly.

Despite the 12 bullet wounds, Mrs. Morton has a chance of recovery, physicians say.

According to statements made to the police by the wounded woman, Morton was intoxicated.

Spreading a little flour on the top of a cake will sometimes prevent the icing from running.

HUNGARIANS OPEN BANK.

The first Hungarian owned national bank in the northeastern states has lately been started in the old Hungarian American colony of Woodbridge, N. J. It has a capital of \$50,000 and a reserve of \$12,000, and will be known as the Woodbridge National Bank. Most of the directors are Hungarian born American citizens.

Don't envy the successful bluffer. He isn't always happy as he looks.

DAUBENSPECK TRUCK Tire Chains

FOR SOLID AND PNEUMATIC TRUCK TIRES.

TRUCK OWNERS—Let Us Show You This Wonderful Chain — It Will Save You Time and Money.

THE CHAIN THAT SAVES TRUCK AND TIRE

The Daubenspeck Dubl-Bilt Traction Chain has all the advantages of the floating chain with none of the disadvantages. Its single unit features allows chain to be placed on in part or as a whole in any position in which Truck may be, without jacking up load.

The Dubl-Bilt Construction of this chain keeps it from rolling, locking on, and cutting tire, gives it positive traction qualities—prevents skidding.

There isn't a chain made, single unit or floating, that will be as easy on your tires, that will give you as much traction with as little jar.

Heavily loaded trucks must have chains that give a positive, steady grip with a minimum of jolting, that do not jerk engine or gears, nor shake truck to pieces.

The Daubenspeck Dubl-Bilt Traction Chains has many patented features. The Traction chain is held firmly at each edge of rim by a cross-welded triple eye link which lies flat on the felly and prevents chain rolling under the wheel with resultant loss of traction. The Traction Links are drawn to just the right temper to give maximum strength and greatest possible wear.

DUBL-BILT MEANS

A Saving in Gasoline on Muddy or Snowy Roads.
A Saving of Wear and Tear on Engine and Gears by Positive Traction and Elimination of Jolting.

A Chain That Cannot Roll Back on Tire at the Time it should be Lifting Load Ahead.

A Chain Giving Double Traction and which we are Confident will Outwear any Similar Device Now in Use.

A Chain That Does Not Creep to the Inside nor Lock Itself on the Tire but Retains its Position and Lifts Car out of Mud.

The Best Non-Skid Device on the Market.
Use Anywhere. Conforms with all State Highway Laws.

WE FURNISH DAUBENSPECK TRUCK TIRE CHAINS IN ALL SIZES OF PNEUMATIC AND SINGLE AND DUAL SOLIDS.

Exide BATTERIES

If You Are After
Longer Service

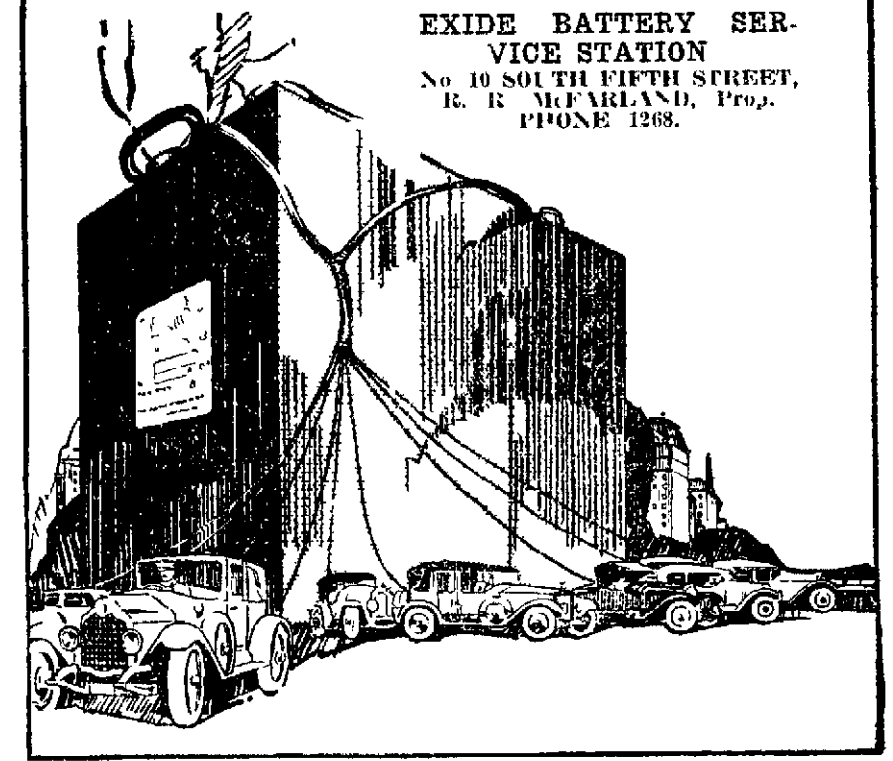

There are two easy ways to convince yourself that an Exide Battery will give you the longest service.

One way is to ask a present user of an Exide, whether in an automobile, submarine, street truck, mine locomotive, telephone system or wherever batteries are used.

The other way is to call and let us dissect a battery with you. See for yourself why Exide construction, from separators to filler plugs, is bound to give you long-lasting power and care-free service.

We look forward to a call from you.

MARY GARDEN NAMED GENERAL DIRECTOR

Chicago, Jan. 14.—Appointment of Miss Mary Garden as general director of the Chicago Opera association brought all the rumors of artistic differences which have been circulated to a focus yesterday. The resignation of Gino Marinuzzi, artistic director, because of the dispute of singers George Johnson, executive manager, were accepted when Miss Garden was selected.

Several weeks ago, on the eve of Miss Garden's arrival for her opera season, the engagement of Madam Ganna Walska, Polish soprano, to appear in "Zaza" was abruptly called off by Miss Walska's departure for her home in New York. Dorothy Jordan of New York as another star mentioned in the reported clash of artistic temperaments which are said to have caused the various changes in the direction of the company, along with the prominence of Italian opera in the program.

"I don't believe in a star regime," said Miss Garden in an interview. "I believe in making the opera thing and not the artist."

The new director general, who will receive no compensation for her additional duties other than her salary as a star, is scheduled to appear tonight in "Mamma Vanina." One week from tonight the opera season here closes and the company then goes to New York for a six weeks season.

SOCIAL AFFAIRS

About thirty friends living in the vicinity of Granville will be the guests of C. E. Harris with a shower Thursday night at their home on Grainger street. Refreshments were served and the evening spent with music.

Mr. and Mrs. Harris were married December 22nd at the Baptist parsonage in Newark and have recently returned from a short wedding trip. They will spend the winter in Granville and after June be at home in Granville street, Newark. Mrs. Harris was formerly Mrs. Cora Rose.

Miss Kathryn Simonds will be the guest of honor at a dinner Wednesday, arranged by members of the social and aesthetic dancing classes of the Social Athletic Club. Tuesday evening the swimming instructors of the club will give a dinner presiding Mrs. Dora Warren Hood, who has been in the recreational department of the club and who leaves Feb. 1 for a nine months' trip through the West—Ohio State Journal.

Mr. and Mrs. J. R. Parker entertained Friday evening at their home on the Wilkins Run Pike with a surprise birthday dinner for Miss Margaret Miller.

The evening was spent in games and music. The guests were Misses Edwards, Margaret Crox, Lillian Brady, Aileen Parker, Frank Myers, Ray Parker, Mr. and Mrs. H. L. Collins, Mr. and Mrs. J. R. Parker and the guest of honor Margaret Miller.

GRANVILLE

(Special to the Advocate.)
Granville, Jan. 15.—With heavy schedules and numerous outside activities, the girls of Denison university still find time to cooperate in social service work. The social service committee of the Y. W. C. A., with Viola Hultin, '23, as chairman, is divided into five main departments, with sub-chairmen: (1) Granville H. S. Y. W. C. club, organized and directed; (2) Kindergarten, assistance on weekdays and caring for the church kindergarten Sunday; (3) Missions, industrial, calling, and religious work in Newark mission, in which all the girls of the committee take part; (4) Sunday social service, calling in Granville; (5) Employment Bureau, conscientizing "chick" college girls and busy housewives and mothers. Just before the holiday season 50 children of the Licking county children's home were entertained at a Christmas party by the girls of the committee in the Doan gymnasium in Granville, at which time the Y. W. C. A. co-operated in furnishing the Christmas tree and Santa Claus. "Of varied activity and of a wide scope of influence is the work of the Social Service committee," said Miss Ruth Hopkins in speaking recently to the joint Social Service and Eight Weeks' clubs committee. "Nor is Denison an exception," she added, "when the work was described to her."

Rev. Mr. Beeze's subject for the morning service in the Presbyterian church Sunday will be "Lost to Trust." In the evening the subject will be "Grace of God." The offerings taken at the church services and the Sunday school will go to the Near East relief. Mr. Sherman's class of boys has challenged any class in the Sunday school

America Means Life to These Hungry Children of Far Poland

Bread lines are still a tragic necessity in Poland. In fact more than 3,500,000 children are ill or hungry in Eastern and Central Europe. This photograph shows a line of war orphans in Poland waiting for their only meal of the day at an American relief station. These stations will have to be discontinued unless the European Relief Council is able to raise \$33,000,000 to feed and care for these youngsters until the next harvest in September. The co-operating agencies forming the Council are the American Relief Administration, the American Red Cross, the American Friends' Service Committee (Quakers), the Jewish Joint Distribution Committee, the Federal Council of the Churches of Christ in America, the Knights of Columbus, the Y. M. C. A. and the Y. W. C. A. Unless the call is heeded immediately the Council will be unable to feed these innocent youngsters. Contributions are being received by your local committee or Franklin K. Lane, treasurer of the Council, who has offices at 42 Broadway, New York City. Herbert Hoover is chairman of the Council.

for the largest contribution for the Near East relief.

Mr. and Mrs. Burton Case, who have been visiting their daughter, Mrs. Roy Edwards in Des Moines, Iowa, have started for Ohio in their machine, trying to take advantage of the frozen roads.

The Granville high school basketball team played the alumni in the new high school gymnasium last night. The score was 35 to 8 in favor of high school.

A meeting of the Scientific society will be held in Recital hall Tuesday evening at 7 o'clock. Dr. Mather, who recently returned from South America, will lecture on "Across the Andes and Down the Amazon." His lecture will be illustrated with lantern slides and pictures. This will be an open meeting.

In the Baptist church Sunday morning Rev. Mr. Houff will take for his subject, "Every Christian's First Duty." The evening subject will be "God's Providence."

Troop 1, Granville Boy Scouts, met Thursday afternoon at Abolition lodge for their regular meeting. Scout Education was an interpretative contest for first aid patrol, No. 4 winning. The boys are practicing a play which will be given at the Father and Son banquet February 8. This play was given at the rally in the fall at Mountbalders park, and Mr. Brown has asked the boys to repeat it.

Mrs. Eliza Hays, who was operated upon at Grant hospital for appendicitis, is getting along nicely and will be brought to her home on the Outville road the first of the week.

THE CHURCHES

Neal Avenue M. E.
Edwin K. Johnson, minister. Sunday school, 9:30 a. m.; morning worship, 10:30, sermon "Mutual Helpfulness, the Law of Christ"; Epworth League, 6 p. m.; evening worship, 7 o'clock, sermon "The Problem of Probation." Special music at both services.

Second Presbyterian.
Benjamin Remington Weld, minister. Bible school, 9:30 a. m.; public worship, 10:45 a. m., sermon texts, "Receive ye the Holy Ghost" and "To Every Man According to His Several Ability"; Y. P. S. C. E., 6:15 p. m.; evening worship, 7 o'clock, sermon text, "A Foolish Man Who Buils His House Upon the Sand." Theme: "Even Christian Sand." Congregational supper, Wednesday evening, 6 o'clock; religious program, 7 o'clock and musical program, 7:45 o'clock.

Church of the Nazarene.
The regular interdenominational holiness meeting of the Church of the Nazarene will be held at 2:30 o'clock Sunday afternoon. Rev. Mrs. Swartz will be in charge. Regular preaching services at 10:30 a. m. and 7 p. m.

Woodside Presbyterian.
Sunday school at 9:30 a. m.; morning service at 10:30 a. m.; topic for morning, "Paul at Athens"; C. E. society, 6 p. m.; public worship, 7 p. m., topic for evening, "The Spirit of the Age." M. W. Simpson, D. D., minister.

Sugar Price Is Cut.
New York, Jan. 15.—Arbuckle Brothers, the American Sugar Refining Company, and the National Sugar Refining company, yesterday announced a reduction in the wholesale price of refined sugar from 7.90 to 7.75 cents a pound.

Puff paste can be placed in a napkin, put in a cold, dry place and it will keep nicely for one week.

KISSING CUSTOM NOT LIKED BY MILLERAND

Paris.—Official kissing, hitherto a regular feature of presidential functions in France, is being discontinued by President Millerand. Recipients of the Legion of Honor decorated personally by the president, women students at universities who had won prizes, little girls presenting bouquets and small boys reciting verses of welcome, have all in the past been invariably embraced by the president, who it was estimated, kissed a thousand French faces, bearded and unbearded, every year.

PERSONAL

Miss Beatrice Householder of the T. L. Davies store, who has been ill for the last three weeks at her home, 35 Wilwood avenue, is still in a very poor condition.

Mrs. R. W. Gilbert, who with her three children of Terre Haute, Ind., is visiting her parents, Mr. and Mrs. D. S. George of North avenue, received word from her husband that he was called to Los Angeles, Cal., on account of the sickness of his uncle, M. P. Gilbert, an oil producer of that city. Mr. Gilbert's uncle's condition is such that it may be necessary for him to remain in Los Angeles until spring, at which time his wife and children will join him.

Miss Mary Anderson of the Chamber of Commerce will spend Sunday in Co-shooton.

Benjamin Remington Weld, minister of the Nazarene is spending the week in Chicksville.

P. M. Birmingham of Memphis, Tennessee, arrived here yesterday to attend the funeral of his sister, Mrs. Leonard Lear of Columbus, whose funeral services were held in Columbus today with interment here at Mt. Calvary cemetery.

Readers' Viewpoint

Editor of the Advocate: Enclosed please find check for your paper for the year 1921. We find we cannot do without it so you have for another year. Our last number came on January 8, so if you have any or all of the back numbers let us have them please.—Respectfully yours, Mrs. J. C. Bonshire, 424 Parkwell street, St. Marys, Va.

Editor of the Advocate:—Starting with January 12 please forward my Advocate to 135 East Fourth street, Mansfield, O. As we go about it seems we must have the Advocate, which we have read for so many years, follow us.—Yours truly, Mrs. J. E. Lewis.

Everyday Etiquette

"If I meet a friend when walking with another friend on the street should I introduce them?" inquired Jack.

"If only a short pause is made an introduction is not necessary, but if a longer stop is made introductions should be made," said his father.

A pinch of salt, will improve the flavor of fruit if put in while cooking.

GALLI-CURCI WEDS HER ACCOMPANIST

St. Louis Park, Minn., Jan. 15.—Abdome Amelita Galli-Curci, prima donna today is to become a bride and an American citizen through her marriage here shortly after noon to Horace Samuels, her piano accompanist.

Mme. Galli-Curci, a subject of Italy, automatically becomes a citizen of this country when she takes the American. She already had taken our first naturalization papers.

The wedding ceremony today at the home of Mr. Samuels' parents, Mr. and Mrs. Charles J. Samuels, will be marked by simplicity and only a favored few will be invited in order to make the affair as quiet as possible.

Numerous wedding presents and telegrams of congratulations have been received here from admirers from all sections of the country.

OBITUARY

Mrs. Melissa Hyde.
The body of Mrs. Melissa Hyde 25, who died Thursday afternoon at her home in Cincinnati was brought to this city Friday and taken to Criss Brothers funeral parlors.

Mrs. Melissa Hyde, wife of E. B. Hyde was the daughter of Penetion Levingstone, now deceased. The family lived in this city. First attached until four years ago when they removed to Cincinnati. Death was due to a year's illness of leakage of the heart. She had recently been in a sanitarium for treatment at St. Louis.

Besides her husband Mrs. Hyde is survived by one daughter Louise, aged 2 years, her mother Mrs. Bertha Levingstone and two brothers Carl and Lee Levingstone all of Cincinnati. The family came with the body.

Funeral services were held this afternoon but burial will not be made until 9 o'clock Monday morning.

The body will remain at Criss Brothers parlors, where relatives and friends may call.

Burial will be made in Cedar Hill cemetery.

Lymon W. King.

Lyman W. King, 62, a farmer living near Jersey was stricken with apoplexy Friday while walking along the street in the village. He was dead when picked up. Besides his wife he leaves one son Ray King.

Mrs. Elizabeth Lake Powers, 84, died Friday evening at 11 o'clock at the home of her daughter Mrs. Ella Hines, 10 North Fourth street. Death was due to complications and infirmities of advanced years. Surviving are three daughters and two sons, Mrs. Hines, Mrs. Mattie McInturf of near Newark, Mrs. Bertha Holmes of Columbus, C. B. Lake and A. A. Lake of Newark.

Funeral services will be held Sunday afternoon at 1:30 o'clock in the First Methodist church. Rev. L. J. McCormack will officiate and burial will be made in Brownsville.

Mrs. H. L. Loeur.
Funeral services for Mrs. H. L. Loeur were held this morning at St. Joseph's Cathedral. Mt. Calvary cemetery this city.

Mrs. Sarah Johnson.
Funeral services for Mrs. Sarah Johnson were held this afternoon at 1:30 in the home in Chatham and burial was made in Wilson cemetery.

Dr. John Rouse.
The funeral of Dr. John Rouse took place today in the Lutheran church in St. Louisville. Rev. George Tobon Schmitt officiated and burial was made in Martinsburg cemetery.

In Loving Remembrance
of Miss Emma Boshart who died January 16, 1917.

Four long, weary years have past, And we miss her more each year. Until we meet her in yonder shore The Golden gates were opened wide. A gentle voice said come, And Angels from the other side Welcomed our loved one home.

Mrs. Rouse and Family.

WITH THE OHIO
CLUB WOMEN
—By—
MRS. GEO. ELLIOTT M'CORMICK

Americanization of men and women born in foreign countries live in Ohio today. Club women believe in the new things they have brought with them are worth having. Club women feel that they must help these foreign-born people to learn our language and give to them full opportunity for becoming American citizens.

The state Americanization committee has set aside \$5,000 for help in teacher training. Teacher-training institutes have already been established in various parts of the state where exists an urgent foreign problem. Mrs. Jacob Brenner of Youngstown, chairman of the Americanization committee, of the Ohio Federation of Women's Clubs, makes a strong appeal for every club woman to awaken to the call for good that the work of Americanization voices.

"I ask club women of Ohio to interest themselves in Americanization work and to co-operate with the boards of education in their communities in forming classes for the foreign born," Mrs. Brenner says. "I want club women to support a social worker that will go into the homes of these people who will show them how to maintain an American standard of living. We should help foreign-born women to keep pace with their American-born children by encouraging them to study and learn American ways."

Club women can get valuable material and assistance in their general club work through Mrs. Brenner, whose address is Youngstown.

Ohio Federation Notes.
The condition of Mrs. Julius Fischer, of Nelsonville, chairman of community service, who has been in Grant hospital, Columbus, since November 29, is somewhat improved, but it will be some time before she will be able to go home. She sprained her ankle last August. Complications developed and she has been taking treatments ever since.

Mrs. Edna Nesbitt of Prospero, soprano and Miss Marie Schenckline, contralto, both of Wheeling, W. Va., assisted in the December program meeting of the Lecture-Recital Club of Martins Ferry. Mrs. John Turner was hostess.

Mrs. Florence H. Willis, in charge of the Farm Women's Clubs of Ohio, announces that there will be a meeting of Farm Women's clubs on February 3 at the Ohio State University, Columbus. An interesting program has been prepared.

One of Millions

This little victim of the war's aftermath in Central Europe had fallen into the clutches of the epidemic diseases produced by undernourishment before American relief reached the section in which there were thousands of similar cases.

The only thing that stands between 3,500,000 children in the stricken sections and a similar fate this winter is the relief project of the European Relief Council, an amalgamation of the eight leading American welfare agencies recently formed by Herbert Hoover to promote economy in ministering to the little sufferers with food and medical aid. A national collection to secure \$33,000,000 to distribute relief is now under way. The Council's headquarters is at 42 Broadway, New York, and Franklin K. Lane is treasurer.

It includes such subjects as "The Function of a Woman's Club in a Community," "Woman's Opportunity in Civic Work" and "The Relation of Women's Clubs to the Farm Bureau." Following a symposium on planning a county program of work, club problems will be discussed.

The New Century Club at Portsmouth, organized and federated in 1902, reports a membership of 116, 75 being active.

Twenty-Five Years Ago

(From Advocate Jan. 15, 1896.)
A special meeting of the city council has been called to change the date of refunding bonds about to be issued.

A leap year dance was given by the Phoenix club at their rooms last night. Miss Bessie Warren entertained a number of her friends Friday evening.

15 YEARS AGO.
John M. Gerard, general manager of the Ohio Fuel Supply company has announced the pipe line from the Licking gas fields to Xenia will be reached by February 1.

Eggs are advertised as selling at 32 cents per dozen.

At a meeting of the directors of the Licking Light & Power company Monday it was decided to erect a new plant at an expense approximately \$100,000.

BOY WONDER LANDS IN U. S.
Lacko Josko, a Hungarian boy of 13, who claims to have a "system" by which any language can be learned in five days, was a passenger on the S. S. Mongolia, arriving in New York a short time ago.

His parents, from whom he has been separated for the last eight years, are now American citizens, his father being an employee of the Vacuum Oil Co. in Whittier, Calif. It was through this company's aid that the boy, who had been lost in the maelstrom of war, was located in Trieste and brought to America.

Lacko has already proved the worth of his system on five languages, and he hopes to master the sixth in time to greet his parents in English when he meets them in California.

Combs will last much longer if before being used they are washed with soap and water, then rubbed with olive oil.

"BETSY ROSS" MAKES FLAG FOR HARDING

Mrs. Belle Acker has been called the "modern Betsy Ross." She has made flags for all presidents of the past fifteen years. She is shown here with the flag she has just completed for President-elect Warren G. Harding. Mrs. Acker, who is a Chicago woman, worked on this flag for six months and used 104 balls of yarn.

MISS BOOTH TAKEN ILL ENROUTE TO LECTURE

Sparksburg, S. C., Jan. 15.—Miss Evangeline Booth, commander of the Salvation Army in the United States, who was reported by her attendants to have suffered a "serious collapse" here last night, today was under treatment of a physician at her hotel. Her physician in New York also had been communicated with by telephone and was directing the treatment.

Miss Booth had not been well during the day yesterday, friends said, but she endeavored to keep an engagement to speak at Converse college last night. It was while enroute from the hotel to the college that she was taken ill.

THE COURTS

Sues on Account.
The Lake Lumber company filed a petition in common pleas court yesterday afternoon against Emma Auckman for the recovery of \$238.12 on an account for building material. The lumber company seeks recovery with interest from April, 1920.

Gets Temporary Alimony.
Hearing on temporary alimony in the case of Viola E. Hammond vs. LeRoy P. Hammond, a suit for divorce and alimony, was held in probate court this morning before Judge Hunter. The judge ordered Mr. Hammond to pay \$30 a month for the support of Mrs. Hammond and their two children and to pay a \$25 attorney fee for Mrs. Hammond.

Real Estate Transfers.
Jefferson Land company to Emma Schimpf, lot 6251 Jefferson Place, third addition \$900.

E. C. Randolph to D. J. Warner, lot 11 Moore add. \$1,500.

H. A. Miller to E. H. Ralston, lot 838 Evans add. \$924.

Rose Emerson to Halladay Motors motors company, 1 acre Madison twp., \$500.

J. H. Loughman to E. W. Drumm, 83 acres Hopewell twp., \$3,000.

Marriage Licenses.
Michael Clugan, laborer, Canton and Miss Cuyler, Marion, Rev. L. P. Franklin named to officiate.

NAME GRAPE VARIETIES FOR HOME CULTURE
Investigations in grape vineyard by the department of horticulture at the Ohio Experiment Station show that there is a good home market for locally-grown grapes in many Ohio towns.

A few of the varieties which the Ohio Experiment Station found adapted to this system are Green Mountain, Brighton, Worden, Delaware, Concord, Niagara, Moore, Diamond and Captivatior.

A bulletin on commercial grape growing, giving methods of pruning, fertilizing and varieties to plant may be secured free by writing to the Ohio Experiment Station, Wooster.

TAKES CARE OF 5 CHILDREN

Mrs. Taylor's Sickness Ended by Lydia E. Pinkham's Vegetable Compound

Roxbury, Mass.—"I suffered continually with backache and was often despondent, had dizzy spells, and at my monthly periods it was almost impossible to keep around at my work. Since my last baby came two years ago my back has been worse and no position I could get in would relieve it, and doctor's medicine did not help me. A friend recommended Lydia E. Pinkham's Vegetable Compound and I have found great relief since using it. My back is much better and I can sleep almost. I keep house and have the care of five children so my work is very trying and I am very thankful I have found the Compound such a help. I recommend it to my friends and if you wish to use this letter I am very glad to help any woman suffering as I was until I used Lydia E. Pinkham's Vegetable Compound."

Mrs. MAUDE E. TAYLOR, 5 St. James Place, Roxbury, Mass.

Backache is one of the most common symptoms of a displacement or derangement of the female system. No woman should neglect the mistake of trying to overcome it by heroic endurance, but profit by Mrs. Taylor's experience and try Lydia E. Pinkham's Vegetable Compound.

Get Rid of RHEUMATISM

Don't be a slave to Rheumatic pains and aches. Munyon's Rheumatism Remedy is especially recommended to sufferers from these tortures. It seldom fails to relieve the agony or ease lameness, stiff and swollen joints, stiff back and rheumatic pains. One bottle is usually sufficient to relieve the worst case. Munyon's Rheumatism Remedy contains no health destroying or habit forming drugs and is guaranteed absolutely harmless.

Cured His RUPTURE

I was badly ruptured while lifting a trunk several years ago. Doctors said my only hope of cure was an operation. Trusses did me no good. Finally I got hold of something that quickly and completely cured me. Years have passed and the rupture has never returned, although I am doing hard work as a carpenter. There was no operation, no lost time, no trouble. I have nothing to sell, but will give full information about how you may find a complete cure without operation. If you write to me, Eugene M. Pullen, Carpenter, 852 G. Marcellus Avenue, Manassas, N. J. Better cut out this notice and show it to any others who are ruptured—you may save a life or at least stop the misery of rupture and the worry and danger of an operation.

Why Suffer from Colds TURPO spells quick relief. It goes directly to the trouble—soothe—comforts. Colds disappear rapidly. Don't neglect them. There's danger in them—pneumonia, bronchitis, TURPO is full protection. Does not blister or stain. Get it at your druggist's today. Follow simple directions and forget your cold. If you're not satisfied, your money is cheerfully refunded. 39 and 66

BISHOP'S CARRIAGE IS BASIS FOR FILM STORY
Here she is again! The good-better-bad girl, or more properly speaking, Hebe Daniels, the Reelstar star who scored such a success in "Not Now, Not Then" and "Oh, Lady, Lady," "She Couldn't Help It," which the Alhambra will show for 3 days starting Monday and is a treat which no picture lover should miss.
Those who know the play and the story "In the Bishop's Carriage," from which this photoplay was adapted, know that this is the best opportunity the star has yet had to display the great possibilities of the stage she has made so essentially her own.
Emily Johnson, six foot tall and very good-looking, plays opposite Miss Daniels. He came to her door from two heads with Betty O'Connor, having also played with Dorothy Dandridge, Edna Clayton, Wallace Reid and other well-known stars. Herbert Sappington is cast in the fine role of the Bishop; he will be remembered for his work in "Her First Elopement," which is now being handled by Vera Lewis, Z. Wall, Clayton, Gertrude Snoot, Helen Raymond, Wade Boteler and Ruth Bonick. Maurice Campbell directs.

"OUR MARY" IS COMING TO AUDITORIUM SOON
Mary Pickford is being shown at the Auditorium in the latter part of next week in "Sue".

AUDITORIUM HOLDS OVER MARGUERITE CLARK FILM
A brilliant and recently popular star of the screen world is Marguerite Clark, who is being screened today at the Auditorium in "Let's Elope." A story adapted from "The Naughty Wife" by Fred Jackson.
This picture was shown at this house on Wednesday and Thursday and owing to its great success is held over for showing today. The showings are continuous through the summer here.

AUDITORIUM WILL OFFER WALSHE IN FOX FEATURE
George Walsh, Fox star, will come to the Auditorium Saturday night in the picture "Now or Never," which is the story of "The Miracle Man," Frank L. Packard's play. Walsh is supported by a team of players which in time, through the

Mario Majeroni, Paul Everson, J. A. Mancus, George Grayson, Robert Boyd and others. The story tells of Dave Henderson brought up in an orphan asylum who finds a real home when a wealthy man adopts him. Spoiled and pampered by his new found, it is sudden wonder that with the death of the latter Dave speeds through the fortune left to him. Rocky Sharvan and Marlin Tydemann, two crooks, learn from him getting spotted and not taken in.

Wanderer, but Sam pays more attention to his other friends, particularly Vera Mayhew, erstwhile chorus lady, than to Vera.
The story is filled with dramatic incidents of the sea voyage, a terrific storm, a clash with moonshiners and then the climax which is thrilling.

NORMAND IS SUNDAY FEATURE AT AUDITORIUM
Mabel Normand, star of "Mickey" known so well to movie fans of Newark comes to the Auditorium tomorrow in her latest Goldwyn production "What Happened to Rosa" which was adapted from the story Rosa Alvaro Entrante by Pearl Lenore Curran. This is a big screen picture and not to be missed.

In "Wagon Tracks," an Axtorcraft picture at the Alhambra last time today. This photoplay promises to eclipse even his best previous offerings by reason of its exceptional quality and historic interest.
To men, women and children of every section of the country "Bill" Hart is typical of the western spirit, breezy, resourceful, fearless, skilled in every sport and necessary accomplishment of the plains. His face is the synonym for power and manliness in ability as an actor, quiet ease in even the most arduous is admitted by all his naturalness, trying moments stamp him as a finisher of artist.
"Wagon Tracks" was written by C. Gardner Sullivan and that is a guaran-

HOME RUN BAKER TO RETURN TO DIAMOND
Eaton, Md., Jan. 15.—J. Franklin Baker, former home run king, may return to the diamond next season. Baker is reporting as having told friends that he was going to Baltimore this week where he had an appointment with Jpe Kelly, "scout" of the New York American with whom he will talk over the situation. Baker, who lives at Trappe, Maryland, did not play last year, owing to business and

illness in his family. If his little girl who is quite sick recovers sufficiently, it is believed, he will play ball this year.

Grange Meeting.
Wilkins Run Grange will meet Tuesday evening at 7:30 standard time. A good literary program is promised.
Hoover Meeting Postponed.
The Herbert Hoover luncheon at the Chittenden hotel, Columbus, has been postponed until Friday, January 28. The meeting is in the interest of the organization to provide for the millions of starving children in Europe. A number of Newark men had planned to go to the meeting next Monday but it has been found necessary to postpone the gathering until January 28. Conrad School Meeting.
The Conrad unit of the Parent-Teacher association will meet at the Conrad school Tuesday afternoon at 8:30 o'clock.
Smoke Filled House.
The squad wagon from the Central company and the East End department answered a call to the home of Wilbur Swern of 405 Eastern avenue this morning at 8:30. Smoke from a defective flue in the furnace filled the house with smoke, and giving occasion to the report of fire. The trouble was soon located by the firemen who returned to their stations. There was no damage.
Suffers Paralytic Stroke.
Mrs. Dora I. Monnett of 358 West Main street, who was stricken with paralysis Thursday while visiting at the home of her daughter Mrs. W. B. Melick of Maple avenue and who was taken to the Newark Sanitarium yesterday, is still unconscious and is reported to be in a serious condition. Dr. C. H. Stimson who is attending Mrs. Monnett pronounced the case one of paralysis of the throat and brain.

Ford Hits Tree
J. A. Glascock was arrested last night by the police on the charge of operating a car while in an intoxicated condition. The Ford sedan which he was driving struck a tree at Fifth street and National Drive last night at 9 o'clock, bending the front axle and making it impossible to drive the car. Glascock was released on his own recognizance in municipal court for appearance this evening at 7 o'clock on the charge.

WANTS "WEE GEE" AS AID IN LAW SUITS
In the absence of any real court news for the day, Judge Park N. Blair having returned to his home in Mt. Vernon until Monday morning, when he will reopen court here, Jay Cooper, court stenographer of the common pleas court composed the following to be included in the court news:
"An effort is being made to have the state legislature legalize the use of "wee gee" boards, so as to permit parties to lawsuits to take the depositions of witnesses who have died previous to the trial. The enactment of such a statute will be of great benefit to litigants. Such a statute has been needed for many years."

U. C. T. BANQUET WILL FOLLOW INSTALLATION
The United Commercial Travelers are having a big time this evening. At 6 o'clock work will start on the initiation of the largest class of candidates in the history of the organization. Between 85 and 100 new members will be taken in. The initiatory work will be put on by the Columbus council at the Knights of Pythias temple.
Following the initiation a banquet and good fellowship meeting will be held and Harry Harrison will preside as toastmaster.

MIAMI UNIVERSITY GIVES OUT BASEBALL SCHEDULE

We, the undersigned, H. O. Crammer, Norton Suter, and Ralph Norpell, Auditors of the said Licking County Building and Savings Company, of Newark, Ohio, do hereby certify that the foregoing is a true and correct statement of the affairs and business of said Company for the fiscal year ending on the 31st day of December, A. D. 1920, and a true statement of its affairs and business for the fiscal year ending on that day.
H. O. CRAWMER,
NORTON SUTER,
RALPH NORPELL.

ENGLAND SEEKS TO RETAIN EMIGRANTS

London.—The British government is beginning to put into effect its plan to keep within the boundaries of the British empire the emigrants from England, Scotland, Wales and Ireland who want to seek new homes in distant parts of the world.
This empire settlement scheme has been held in abeyance since the war because there were so many soldiers to be repatriated; but the first large party comprising 1,100 emigrants has just left for Australia. This party is under government direction and the emigrants received a certain amount of government assistance.
Sir James Connelly, agent here for Western Australia, announces that for the next two years 1,000 emigrants will be sent to Australia each month, their passage being paid by the government.
The government has openly expressed its disfavor toward schemes for emigration from the British Isles to South American countries. In consequence, a campaign by Peru to induce English and Scotch to come there and settle has been abandoned after hundreds of them had accepted offers for free transportation to that country.

ITALIAN HOSPITAL FOR NEW YORK

The Italian Missionary Sisters of the Sacred Heart have lately bought the St. Lawrence Hospital, in upper New York City, from its former owners, the Sisters of Charity, for \$350,000. It will now be called the Columbus Hospital, keeping the name of the old hospital on 20th street, which has been discontinued, and plans are being completed to increase the capacity by erecting a 10-story building nearby, at a cost of \$5,000,000.

Nature's Beauty.
In West Virginia and similar states where the tillable acreage is limited and it is difficult to grow sufficient silage and roughage for dairy cows, the sunflower comes as a great blessing, adding wonderfully to the wealth and industry through the dairy products. It is certainly interesting but note the many hitherto familiar but unattractive products that have been found to be abounding in possibilities of usefulness and wealth.—Thrifty Magazine.

Poesy.
Poesy is a heauteous damsel, chaste, honorable, discreet, witty, retired, and who keeps herself within the limits of propriety. She is a friend of solitude; fountains entertain her, meadows console her, woods free her from ennui, flowers delight her; in short, she gives pleasure and instruction to all with whom she communicates.—Cervantes.

Notice It, Reader?
"Judging from the advertising pages of the magazines," remarked the Observer of Events and Things, "it would seem to me that there is a new kind of corset constructed every minute."—Yonkers Statesman.

Egg Long as a Bean.
Egg of birds are among the loveliest things in nature, and they have always held a great fascination for man, says the American Forestry Magazine. From the tiny hummingbird's egg, no longer than a bean, to the giant ostrich's egg, which is between five and six inches in diameter, there is every gradation in size.

NEWARK BREEDERS WIN AWARDS ON POULTRY

The following awards have been made by the Judge of the poultry show which was held in the Hanna-Olds mobile display rooms in West Main street this week:

Pens—W. H. Broome, Cherry Valley Poultry Farm; 1; E. W. McDaniel, 2. The Broome poultry plant is located just west of Newark.

NEWARK DEFEATS HARDING SQUAD

Marion May Be Home of President Elect But Basketball Squad Can Still Learn Something.

Playing an exceedingly good brand of basketball last night Newark defeated Harding high school of Marion by a count of 18-11. The local boys started in like a whirlwind and in the first five minutes had 19 points to their opponents' nothing. The visitors finally brought their score up to eight and held the locals for the rest of that period.

The visitors played an unusually good game of basketball and had their best at all accurate at the basket. The result might have been greatly in doubt. They were unable to get close to the baskets because of the effective work of the Newark guards and consequently resorted to long shots.

During the second half the Harding boys effectively guarded Wilson who was responsible for most of Newark's scoring. He succeeded in doing some scoring. Wilson was distinctly the star of the game by alone scoring 12 of Newark's points. The players have been lent game from start to finish. Five of Newark also did good scoring for the locals. Allen and Quinn both played an unusually good game at guard and were instrumental in keeping the score of the opposing team down. Among the visitors Philman was distinctly the star, doing more scoring than all the rest of the team. Knackh also did good work for the visitors.

In the preliminary game the Denison Invincibles defeated the second team of the high school by a score of 15-9. In this game Shorn and Seibert played well for the visitors and Lynn and Cunningham showed up for the local team.

First Team.

Time of periods 15 minutes.

Mr. Vernon Beats Canton.
Mr. Vernon, Jan. 13.—Mr. Vernon High school defeated Mr. Kelley of Canton last night 25 to 17.

"BUDDIES", POST WAR PLAY IS WELL LIKED

"Buddies" an after-war musical play by George M. Robertson and Albert J. Kohn, which was presented at the Auditorium theater last night, was well liked by the audience. The story is built around a group of American soldiers who were in France at the close of the war and are waiting for their discharge. They are at the home of Madame Bonnet, a French woman who has been married to a Frenchman, who has been killed in the war. The play is a comedy and is well liked by the audience.

Contrary to most musical shows, there was less music and more plot. The story is built around a group of American soldiers who were in France at the close of the war and are waiting for their discharge. They are at the home of Madame Bonnet, a French woman who has been married to a Frenchman, who has been killed in the war. The play is a comedy and is well liked by the audience.

LANCASTER GAS PRESSURE DROPS TO NOTHING

Lancaster, O., Jan. 13.—Hundreds of fires went out on the west side here and in Cedar Heights addition today, when the gas pressure dropped from four pounds to nothing. The phenomenon registered 25 above zero. Gas retailers are unable to supply the demand for gas. Officials of the Lorain Natural Gas and Fuel company said the company was furnishing all the gas it could.

SWISHER GETS DAVIS APPOINTMENT TODAY

Governor Duffey announced the appointment of Robert W. Swisher, Columbus, formerly of Newark, as Democratic member of the state civil service commission, succeeding George Ewing of Lancaster, resigned.

TARIFF BILL AMENDED BY COMMITTEE VOTE

Washington, Jan. 13.—With 16 amendments added, the house emergency tariff bill was approved today by the senate finance committee. It will be reported to the senate Monday.

Amendments accepted today included: Sugar \$2.13 per hundred pounds; all the retail price reaches 10 cents a pound.

Frozen meats of all kinds, two cents a pound; all other meats 20 per cent ad valorem.

Apples 20 cents a box; cherries four cents a pound.

Tobacco, Supreme wrappers and mild, 10 cents per pound; Stomach Sundry 10 cents per pound.

Batter and cheese and their substitutes, eight cents a pound; instead of six cents, provided an amendment accepted yesterday.

The length of long staple cotton on the tariff bill was made effective, was reduced from 1.5 to 1.25.

Inches, the duty on cotton of seven cents a pound as the bill passed the house.

Cotton and also wool and the woolen garments were exempted from the tariff bill.

How to be used in manufacture of cotton goods was exempted from the tariff bill.

URGES CITY TO FIX HOLLAR DITCH

State Health Board Gets Complaint From Chamber of Commerce and Makes Investigation.

Following the presentation of a petition signed by 55 electors through the Chamber of Commerce to the state department of health, requesting an investigation of the pollution of the Hollar ditch, the following report has been made by the state department.

An engineer was sent to Newark, January 3, who made an investigation. The investigation failed to reveal the existence of a nuisance in the Hollar ditch due to sewage discharged there.

The absence of objectionable conditions was due to the fact that there was a considerable flow in the ditch.

The report to the city council by the state department says it is obvious that the installation of sanitary sewers and storm water sewers is badly needed and it appears likely that the complaint may be prompted by a desire to secure such sewage treatment.

"If an order should be issued by this department to require connection of the pollution of the Hollar ditch, it would apply to the installation of sanitary sewers but would not include a requirement regarding the installation of improved surface drainage.

"We therefore advise that the council take prompt action to provide for the installation of sanitary and storm water sewers to serve the Hollar ditch drainage area. We do not consider that it is necessary or advisable to authorize investigation or the issuance of an order by this department."

HARRIS APPEALS CASE TO HIGHEST COURT

Columbus, Jan. 13.—The case of W. J. Dusenbury an able Montgomery Park company against Will D. Harris, the Will D. Harris company and the Park Amusement company in which the court of appeals last week sustained the lower court in vacating the lease of Harris and the amusement company and allowing \$2,000 damages to the Dusenbury and the amusement company, yesterday was carried to the supreme court.

Attorneys for the amusement company filed a motion asking for an order directed to the court of appeals, to certify the records in the case to the higher court.

GERMANY WILL NOT ATTEMPT REVENGE WAR

Milan, Italy, Jan. 14.—There is no possibility of Germany ever attempting a war of revenge, having been cured forever of her old militaristic spirit, Dr. Bernhard Dernburg, former German minister of finance, emphatically told the delegates at the closing session of the League of Nations social conference here today.

Dr. Constantin Dumba, former Austrian minister and assessor to the United States in reviewing the economic situation of Austria declared that the country could not help Austria economically, but said he believes such a union was inevitable eventually. To this Dr. Dernburg replied that Germany could not help Austria economically at the present time as she is busy off herself.

The Bulgarian delegate to the conference spoke upon Bulgaria's need of an outlet to the Aegean. The delegates assembled by the Russian League of Nations society were admitted to the conference simply as spectators, their organization not having been recognized officially.

Two basketball games will be played at Hebron tonight when the first and second teams of Thornville high school will play the first and second teams of Hebron high. Thornville claims to have the strongest team in Perry county and Hebron is not taking a back seat for any of them so a hot contest is anticipated.

THE LODGES

MODERN WOODMEN.
On January 5 Cedar Camp M. W. of A. celebrated the 38th anniversary of the institution of the Modern Woodmen, which occurred at Lyons, Iowa, when 21 men banded together for the protection of each other by forming the society which is now known as the Modern Woodmen of America. From the 21 men in 1883 it has grown to the largest fraternal society in the world, having more than a million members. The evening was spent in a social way.

Officers for the year were installed by Deputy Oscar Blatter, assisted by Mr. Vernefront and the Forester team, Dr. P. W. Blatter, who is the state lecturer for Ohio, gave an interesting talk. Several visiting neighbors were present, including some from Zanesville, Columbus, Basil and Hebron.

The following officers were installed: Past Consul, Ward B. Howell; Consul, Dr. P. W. Blatter; Adviser, Dr. S. Sedgewick; Clerk, Edgar C. Richardson; Banker, H. O. Crawford; Escort, Geo. W. Barons; Watchman, Jas. L. Lafever; Sentry, Charles Crothers; Manager, Frank P. Shide; Examining Physicians, Dr. C. J. Dillon, Dr. R. G. Toward, Dr. A. C. Jackson.

After the business of the camp was over, the refreshment committee served a roast pork supper. At the regular meeting held Wednesday night, January 12 the final arrangements were made for the class adoption, January 19. Candidates for this class must be examined, so that they can be taken in. The full ceremony of adoption will be conferred at this meeting.

K. OF P.
Uniform Rank.
Lacking company, Uniform Rank, K. of P., will hold its annual inspection at its meeting Monday. Officers will be installed and candidates initiated. The refreshment committee is arranging a feed. All Sir Knights have been ordered to come in full dress uniform with helmet. The meeting will start at 7:30 o'clock.

Roland Lodge.
Roland lodge on Tuesday conferred the Esquire rank on a class of five pages. Next Tuesday evening the Esquire rank will again be conferred on a similar class. The work on the chorus for the minstrels is going along nicely.

On February 16 the D. O. K. K. will have a ceremonial. There will be a class of 50 and the work will be under the direction of Bakos Temple. In addition the D. O. K. K. and 15 pieces will be here for the parade and will give a concert in front of the Pythian Casino. This band is under the direction of John Gill.

Newark Lodge.
Newark lodge met Tuesday evening. Two applications were received for membership and one applicant was balloted on and elected to membership. The Esquire degree was conferred on a class of five pages. Next Thursday evening the Esquire degree will again be conferred on a class. On January 27 the Knight rank will be conferred on a class. The activities committee will have something for the finer men. On February 10 the Blue team will confer the Blue rank in full dramatic form on a large class. On February 16 the D. O. K. K. will initiate a class of 75 candidates. The Columbus team will confer the degree. On February 20 the Blue team will go to Columbus to confer the Blue rank on a large class in full dramatic form at Monitor lodge. Lodge will open at 7 o'clock Thursday evening.

GOLDEN HEART.
The Golden Heart lodge met Thursday night with large attendance. Three new candidates were taken in. Several letters from the supreme lodge were read, which were of great interest to the members. The following officers were elected for the coming year: President, J. M. Munnell; assistant president, Grace Mercer; vice president, William Smith and Bluhia Evans; invokers, John Foster and Edith White; treasurer, Charles C. Miller; financial secretary, R. E. Motion; recording secretary, Helen Babington; outer guard, W. Pound; inner guard, William George; trustees, Grant Bennett, Tom George and Sam White. The returning presidents, Hugh Toland and Mary Skiles, making past presidents station.

Members Bennett and George attended the meeting of Zanesville lodge Friday and on Thursday H. Toland and R. E. McWhigle will attend the meeting of supreme lodge in Columbus.

ROYAL NEIGHBORS.
Tuesday night the members of Daisy Camp enjoyed a rollicking dinner. The tables were royally decorated with purple and white the society's colors. The officers were dressed in white. The center piece on the table was made up of pink and white. Each corner of the table was decorated with the regular meeting of the society was held. Several resolutions were adopted on and the candidates were given the full initiatory work.

The following officers were installed for the ensuing year: Oracle, Virginia Meyer; Vice Oracle, Anna Devere; Past Oracle, Josephine Swartz; Chancellor, Mable Christman; Recorder, Lulu Morrison; Receiver, Stella Condon; Marshal, Edna Mayor; Inner Sentinel, Clara Kiser; Outer Sentinel, Katie Johns; Manager, Orville Spiker.

After the business session was over Member Orla was presented and Member Lulu Morrison with a recorder's certificate service medal, issued by the executive council at Rock Island, Ill.

Ohio and Michigan are in a contest for members. The contest closing May 1. Daisy Camp is divided into four divisions: White, Purple, Green and Red. After the business session was over Member Orla was presented and Member Lulu Morrison with a recorder's certificate service medal, issued by the executive council at Rock Island, Ill.

LUMBER

THERE IS A WHOLE LOT OF DIFFERENCE IN LUMBER. ONE KIND WILL CUT TO ADVANTAGE ON A JOB, AND THUS COST MUCH LESS THAN SOME OTHER KIND YOU WERE CONSIDERING.

So, before ordering any Lumber it is much better to come in and talk it over with us. We will tell you the correct Lumber to order as well as the sizes in which to order it.

THE R. B. WHITE LUMBER CO.
CLINTON & WYOMING STS.

CONSIDER THESE FACTS

NEW AND GREAT INVENTIONS MEAN OPPORTUNITY

Graham Bell, inventor of the Bell Phone, says:

"FIND THE NEWEST AND GREATEST INVENTION AND BUY ITS STOCK."

OAKOAL CALLED THE MOST VITAL FIND OF THE COUNTRY

The discovery of the greatest coal mines in the world has never elicited the interest and excitement that the invention of "OAKOAL" and its proof by official tests has called forth. Science, the press, industry—all the great forces of intelligence in the country—have pronounced it the most important single addition to the world's wealth that the country has produced.

"OAKOAL" is indeed the greatest invention of the day—the one invention that spells for every one the one great word, OPPORTUNITY.

And it is an opportunity right here in your very home—AN OPPORTUNITY THAT COMES ONLY ONCE.

DO NOT LOSE THIS OPPORTUNITY ACT NOW!

MAIL THIS COUPON

Test made in Chicago by Engineers of the following Companies:

	(Oakal)	(Coal)
Horsepower developed	38.5	35.35
Pounds water evaporated per pounds of fuel at 212 degrees F.	5.82	5.75
Pounds of fuel per hour per square of grate surface	12.7	11.25
Total Water Evaporated, lbs.	3,409	3,291

Without going into details of the test the following results were obtained:

Willoughby Co. Morris & Co. McDaniel Eng. Co.

Armour & Co. Willoughby Co.
